

# CIAGA

**A unique blend of juices and  
herbal extracts**

**A veritable orchestra of nutrients**

# The Facts

Commercially grown and processed foods may be deficient in vitamins and minerals. Soils are depleted and food no longer supplies what we need for good health.

**The US Government's new Food Pyramid recommends 9 to 11 servings of fresh fruits and vegetables every day.**

# Antioxdants

Antioxidants help to protect us against free radical damage. Independent lab results measuring the ORAC levels of several different antioxidant juice products are shown below.

ORAC (Oxygen Radical Absorbency Capacity).

## ORAC Value

Values: umoleTE/L for ORAC Value (micromole trolox equivalent per Liter) Mg/L for Immune Support & Cardio Support Ingredients

**Ciaga is the only product on the market that has such a high ORAC level - plus ingredients that support the immune and cardiovascular systems.**
